

Ossipee

Feb 25 (Tues). We rose up
early and after breakfast
went down to the old place
as to the chick-phones

Found Brownell working on
the wood at the pond. We
helped brush out a row
through the woods and he got
started on the wood.
He had already done some
what he covers from
the pond side

We found the Chick house
all roofed over, and ^{most} ~~most~~
of the windows are
gone. We put in the
Witch House Robert took

Feb 26 (Wednesday)

We went up on hill
on snowshoes after breakfast
traced out the line of the
Dorrell lot. Judging it
about as Rudolph's brother
had hunted at and
reducing the area purchased
to about three acres or
less.

We then went up past
the chuck place and along
the bench at the same level,
a quarter of a mile or
more, then back diagonally
toward the Isarak meadow
and back along the
bench ridge to the Fred
Beane Place. We then
followed down the land
to the west of the
Graham pond toward
the point, crossed

Thursday Feb 27
Went down to Ossipee to
see Preston Smart, but he
was away. Left papers with
his secretary. Called at
the mill to see Harry Smart
but he was away also.
Alfred had to fix a gas
pump on the way after
supposedly having it fixed
at the Garage.

Harold Brownell had
gotten out some more of
the wood from the pond.
Went down to 1 below
zero last night.

Friday Feb 28

went down to 1 above
zero last night
after breakfast we went
down to the Welch house
and measured the windows for
screens. They will take
28 when we get stuff and
the same for the
Chuck house.

Saw a lot of chickadees
1 ruffed grouse, heard 1
bluejay. (I think this is the
same one we have seen one
or two before - near Fred Hodges)

Left Keys to Big House, and
to Welch House with Mrs
Hodge at Northham.

We got away for Wakefield
about 2³⁰ / as it looked
as if it would snow
any time. But it did
not as the sun was
out part of the time.
We got to Wakefield as it
was getting dark.
Greebel had just left for
Boston.

at the little bridge, and
then up the road to
Learns. Stopped a half-
hour or so and
then home, where
we had a hot dinner.
I took a dim breakfast
subsequent to that
did not start any
thing that we saw
but the dog probably

Had a fine view of
Mt Washington, with
the snow blowing off
from it, and all the
other peaks, sometimes
almost obscuring it.
Saw nothing in the
land here.
Had a fine

Sunday March 2 To Wash-
ington drove in to
Boston for the 9 o'clock
Train
Left on time and
had a good trip home
